Department Description

The Office of Sustainability & Environment (OSE) leads the development and implementation of the City's Environmental Action Agenda (EAA). Specifically, OSE works with City departments and other partners to advance the EAA's three goals:

- Reduce human and environmental risks and lower City operating costs through increased resource efficiency and waste reduction;
- Protect and seek opportunities to restore ecological function through more sustainable approaches to managing the built environment, urban forest, and green spaces; and
- Improve mobility, environmental quality, and social equity through smart transportation services and solutions.

OSE also:

- Develops and leads the implementation of various Citywide programs such as Sustainable Building, Municipal Resource Conservation, Chemical Use Reduction, and Climate Protection;
- Coordinates interdepartmental problem-solving and action on environmental issues;
- Ensures environmental and sustainability goals are incorporated into City policies, plans, programs, projects, and services;
- Serves as a City resource and liaison on environmental and sustainability issues to residents, businesses, and nonprofit organizations;
- Represents the City on the Puget Sound Clean Air Agency Board of Directors, the Governor's Sustainable Washington Advisory Panel, and other local, regional, and state environmental committees and initiatives;
- Reports annually to the Mayor, City Council, and the community regarding progress regarding the implementation of the Environmental Action Agenda; and
- Communicates, internally and externally, about the City's environmental programs and accomplishments.

Proposed Policy and Program Changes

Office of Sustainability and Environment Budget Control Level

Purpose Statement

The purpose of the Office of Sustainability and Environment Budget Control Level is to reduce the impact of City government operations and services on the environment and to promote more resource-efficient and environmentally responsible practices by Seattle businesses, institutions, and households.

Program Summary

Reduce consultant usage for environmental outreach and communications by \$15,000. Citywide adjustments to inflation assumptions reduce the budget by \$4,000, for a total reduction from the 2004 Endorsed Budget to the 2004 Proposed/Adopted budget of approximately \$19,000.
